The 74th ARCE Annual Meeting Student Access Council

Student Access Council 2023

Fostering the Future of Egyptology

ARCE is committed to fostering the growth and development of the future scholars of our field. Despite increasing opportunities, barriers remain for students to access resources that will help them in their careers, especially during this time when many of our students have been hard-hit by the economic downturn. To improve access and opportunities for students, ARCE has committed to providing free access to our Virtual Meeting for students in need and offering a reduced \$85 registration fee for students to our In-Person and Virtual Annual Meeting. All ARCE Members are eligible to sponsor a student's registration fee for \$85 when registering for the Annual Meeting.

ARCE Student Access Council

Now in its third year, the ARCE Student Access Council is a group of dedicated individuals committed to supporting student access and fostering talent through student participation in the ARCE 2023 Annual Meeting. The Student Access Council offers a unique opportunity to directly impact student success.

Student Access Council members help underwrite meeting costs and allow ARCE to offer free and reduced meeting access for students. Student Access Council members offer support for students to build a stronger educational and economic future for themselves.

Membership is established by making a Tax-Deductible sponsorship contribution of a minimum of \$500.
